Tempered Glass Screen Protector

Harder Than Steel.

Not to be confused with standard light-weight 'film' screen protectors.

If you want the ultimate protection for your phone's/tablet's screen, this is about as tough as it gets.

It's made from reinforced chemically treated, tempered glass and effortlessly withstands: knocks, scratches, hard-impact, heat and chemicals in a way that no other protector on the market can match.

Just 0.4mm thick, the outstanding qualities of this product ensure that your screen remains effortlessly smooth and responsive when in use and is 3 times stronger than PET layer technology.

It's super-safe with anti-shatter glass, which means there'll be no nasty cuts or splinters if the worst should happen.

It's incredibly resilient to smudges, makes cleaning a joy and actually improves your screen's visibility. You'll love the finish that the glass provides.

- ✓ Clearer than 'standard' screen protectors
- ✓ Glass surface tougher than steel
- ✓ Vastly reduces smudging and fingerprints
- ✓ Shock-proof, anti-scratch and oil resistant
- ✓ Increased visibility
- ✓ Enhanced safety with anti-shatter glass
- ✓ Easy to apply and remove
- ✓ Added protection against heat and chemical exposure
- ✓ Just 0.4mm thick

What you get

- 1 x tempered glass screen protector
- 2 x home buttons
- 1 x micro fibre cleaning cloth
- 1 x alcohol wipe / cleaner
- 1 x Installation instructions

If you are looking for something that's tougher, more responsive and barely visible you can stop searching now. You've just found the perfect solution!

Folding Micro Fibre PU Leather Case for Tablets

Really stylish, incredibly tough and provides ultimate protection

If you like the look and feel of a Filofax, or just like something that has that 'trustworthy' look to it, this stunningly elegant tablet case has your name written all over it.

This isn't just any old case. It's an absolute workhorse that will keep your pride and joy looking gleaming and feels great to the touch.

It'll keep your high-tech gadget solidly in place, but will still enable you to slip it in and out when you need it – no hassles!

To get the perfect viewing angle, you simply fold the cover back and slot it into a beautifully designed 'lip'. It has a handy little elasticated pen-holder and the cut-outs you need to enable the use of both front and back cameras.

In short; if you want one a top quality product, at a low, low price, this product is a superb choice.

- ✓ Tough, durable plastic with PU leather
- ✓ Sophisticated design and micro fibre interior
- ✓ Accommodates both front and back cameras
- ✓ High quality stitching
