The Queen's Face Mask

One is not amused! Well, your friends soon will be with this lifelike Queen face mask.

Isn't it a pain when you get invited to a fancy dress party and you simply can't be bothered to go out and get all the kit?

Well, here's the perfect answer. Just slip on this high quality cardboard Queen Elizabeth II durable mask, brush-up on your accent (should take no longer than 2 seconds) and you're ready to steal the limelight - perfect for both men and women. Probably funnier if you're a man.

Now, now, be respectful! This is the Monarchy you'll be impersonating, so be sure to do her justice.

Or if fancy dress isn't your thing and you're getting bored with looking at yourself in the mirror, here's the perfect alternative.

Switch from a mere commoner to the height of pomp and ceremony in a flash. If you're feeling really adventurous you could even complete the look by wrapping an old red curtain around your shoulders, painting your favourite chair gold and sitting there... you know... like the Queen does.
