We'd love to help you move... we'll even do all the packing

You've already made one of the biggest decisions in your life – choosing to move home. Now you need to find people who will take that decision as seriously as you do and help you relocate without any fuss or drama.

We're a family run business with simple, ethical, family values. And it's this outlook that has enabled us to remain in business for more than 100 years, whilst serving 1000s of customers. They tell us that our pricing is exceptional. That our personal service is outstanding. And our ability to go the extra mile in making everything go smoothly, second to absolutely none.

It's important that you have every assurance you need that you are dealing with a responsible company. That's why we're members of The British Association of Removers and Approved Code Trading Standards. Plus, we're fully insured, trained and qualified to do the job.

So if you would like a free, no obligation quotation, and helpful advice on how to make your move go without a hiccup, give us a call today. We'd genuinely love to be part of one of the biggest and most exciting days of your life.

"The guys were of enormous help to me and the move went like a dream."

Pat Wilkinson, Bexhill-on-Sea

You choose exactly how much help you need

You've enough to think about without the extra worry and time-consuming process of packing. So if this is something you would rather avoid, why not leave it in our capable hands? Our team maybe strong, but they have a delicate touch, and will happily and carefully pack your precious items, ensuring there's no way they'll be damaged in transit.

We are specialists in moving the most valuable antiques and we know exactly how to correctly relocate upright and grand pianos. But if you'd prefer to take care of all of this yourself, remember: we have all the packing materials and blankets you need, so we'll happily provide them for you.

Don't worry about storage facilities, we have it covered

We believe in keeping things simple, with as few parties involved as possible. That's why we offer a completely secure storage facility. It doesn't matter if you have one, or one hundred

items, we'll be able to accommodate them. And don't worry about timing... if you need to use the facility for many months before or after the move, it really isn't a problem.

We're also great at office relocations

More and more of our customers are moving their offices into their homes. They are focusing on a better work-life balance. If this is something that you've decided to do too, we've got you covered. Alternatively, you might simply need to move from one commercial premises to another. We are fully experienced in corporate and commercial relocations, and have many years' experience dealing with property managers and third-party logistics companies. Just leave it to us.

Want us to help? Here's the booking process...

First, you'll need a quotation. They are completely free of charge and you are under no obligation whatsoever to go ahead. We find it's best to come to your home, so we can evaluate the parking facilities and get a proper overview of your requirements. At this stage, we can also provide plenty of advice to make your move go without a hitch – packing tips, check-lists, that kind of thing.

Or if you would prefer, you can do it online at our website. It'll guide you through a series of questions and we'll have a quote over to you in no time. If you decide to go ahead, we'll be delighted to offer you free loan of boxes and packing materials, so leave that to us.

To get the ball rolling simply call us on 020 8449 2616 or go to www.morrisremovals.co.uk.

"Thanks a million to your wonderful team."

Mrs Carole Raven, Barnet

Here's some useful packing tips

You will need:

- Small, medium and large boxes
- Bubble wrap
- Labels
- Packing paper
- Marker pen
- Tape
- A calm and philosophical attitude :)

What to do:

- Begin packing as early as possible – this will reduce stress when it comes closer to the actual move date
- Start with the items you won't be needing – this makes it easier to focus on the more important stuff
- Pack one room at a time – this makes the whole job more manageable and less daunting
- Fill empty spaces in boxes with paper or bubble wrap – this will ensure that everything is safe and secure
- Label boxes on the top and sides – clarity is key for when you arrive at your new home and means you can see everything, even when it's stacked up
- Keep all the essentials together – toiletries, cups, baby supplies, eating essentials, first aid kit
- Bolts and screws – place these in a sandwich bag and attach to the piece of furniture they come from

And finally...

However you choose to move, and whoever you choose to use, from all of us at J. & W.J. Morris, we would like to wish you a happy and hassle-free relocation, and best wishes for the future.
